4. Implementation Instructions Hero Section Upgrade - Replace your hero background with any atmospheric dark image above.

- Add CSS gradient overlays for modern look.
- Use Grid/Flex for responsive layout. Patterns in Sections - Apply tile backgrounds with 20–30% opacity overlays.
- Use patterned borders for cards/quotes. Icons for UI Polish - Add icons to headings, bullets, CTA buttons.
- Add subtle hover animations.

Branding & Typography - Use Persian calligraphic font for headings + clean sans-serif for text.
